

## Valiant Platform February Release: What you Need to Know

The following is a quick overview guide of what is coming out in the **2020.1 Release (February 7, 2020)**.

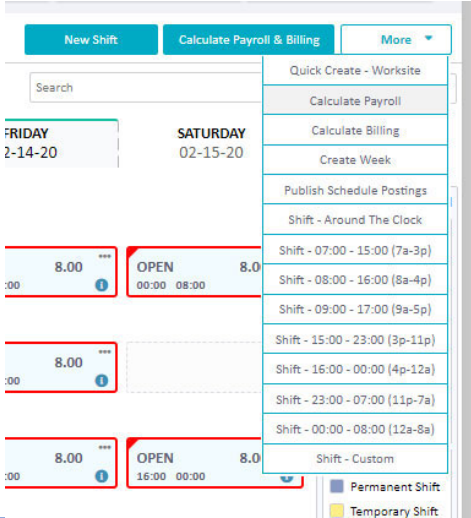

This will help you communicate any updates to the platform.

<b>SmartForce</b>	Product Name for NGA
<b>Valiant Mobile</b>	Valiant’s Mobile App for Android and iOS
<b>Legacy</b>	Vision and Vault Platforms

FEATURE/APPLICATION	DETAILS OF THE RELEASE ITEM	PLATFORM										
<p><b>The “Quick Create” Feature</b></p>	<p>Part of the enhancement to TLM is the ability to “Quick Create” a new Customer, worksite or Position directly for the schedule. This enhancement enables you to stay on the schedule, and quickly add new elements in one place.</p> <p>VIDEO:  <a href="https://www.youtube.com/watch?v=wAfF_U9YzrA&amp;feature=youtu.be">https://www.youtube.com/watch?v=wAfF_U9YzrA&amp;feature=youtu.be</a></p> 	<p>SmartForce</p>										
<p><b>The “Quick Create” Schedule Templates</b></p>	<p>In an effort to improve the time for customer to build schedule, we are introducing the ability to leverage existing schedule templates that will automatically populate Openings on the schedule. These templates include:</p> <table border="1" data-bbox="516 1629 1333 1900"> <tbody> <tr> <td>3x 8 hour shifts with round-the-clock coverage (168), user selected start time</td> <td>Single Shift with user selected start time and duration</td> </tr> <tr> <td>Single Shift 9-5</td> <td>Single Shift 8-4</td> </tr> <tr> <td>Single Shift 7-3</td> <td>Single Shift 3-11PM</td> </tr> <tr> <td>Single Shift 11PM-7AM</td> <td>Single Shift 4PM-12AM</td> </tr> <tr> <td>Single Shift 12AM-8AM</td> <td></td> </tr> </tbody> </table>	3x 8 hour shifts with round-the-clock coverage (168), user selected start time	Single Shift with user selected start time and duration	Single Shift 9-5	Single Shift 8-4	Single Shift 7-3	Single Shift 3-11PM	Single Shift 11PM-7AM	Single Shift 4PM-12AM	Single Shift 12AM-8AM		<p>SmartForce</p>
3x 8 hour shifts with round-the-clock coverage (168), user selected start time	Single Shift with user selected start time and duration											
Single Shift 9-5	Single Shift 8-4											
Single Shift 7-3	Single Shift 3-11PM											
Single Shift 11PM-7AM	Single Shift 4PM-12AM											
Single Shift 12AM-8AM												

FEATURE/APPLICATION	DETAILS OF THE RELEASE ITEM	PLATFORM
		
<p><b>Bulk Actions on the Schedule</b></p>	<p>Another enhancement to help scheduling is the bulk actions. You now have the ability to select multiple openings and remove them in bulk, or unassign/remove employees in multiple selection, for both temporary or permanent openings.</p> 	<p>SmartForce</p>
<p><b>Undo Function On Temporary Openings</b></p>	<p>In some cases, the scheduler might need to reactivate a removed temporary opening. The undo function will allow the ability to retrieve that opening.</p>	<p>SmartForce</p>

FEATURE/APPLICATION	DETAILS OF THE RELEASE ITEM	PLATFORM
<b>Employee Matrix Enhancements</b>	We added some functionality to the employee matrix, including the ability to add future rates, edit functions and alignment with the legacy platform hierarchies.	SmartForce
<b>Updated Rate Differential Setup</b>	One of the key aspects of shift scheduling is the ability to offer differential rates depending on where and when the shift is placed. We've made enhancements to the Rate Differential setup that allows you to prepopulate your worksite with a rate differential value you pre-define, as well as adding the customer to a worksite rate differential setup to narrow the scope of options. We've also made some tweaks to the layout to have more fields and re-ordered the screen to be more intuitive.	SmartForce
<b>Week Creation Enhancements</b>	We now give you the ability to specify which week you want to create using a calendar selector, and enable you to specify the number of weeks to automatically create by Division.	SmartForce
<b>Calculate Billing and Payroll Directly from the Schedule</b>	<p>When on the schedule, you can now calculate the payroll, billing or both for one or more weeks, as well as a "quick create" both for a single week with one click.</p> 	SmartForce
<b>Updates to Quick Hire Forms</b>	We've made a few updates to the quick hire form that add additional important hire fields as well as a few user interface enhancements	SmartForce
<b>Various Fixes and Updates</b>	We've also made some fixes and updates to Query Builder, split shift functionality, overall User Interface enhancements, improvements to effective pay rate calculations, and performance enhancements.	SmartForce an Legacy
