

## Valiant Platform Release: What you Need to Know

The following is a quick overview guide of what is coming out in the **2020.8 Release (October 23, 2020)**.

This will help you communicate any updates to the platform.

<b>SmartForce</b>	Product Name for NGA
<b>Valiant Mobile</b>	Valiant's Mobile App for Android and iOS
<b>Legacy</b>	Vision and Vault Platforms

FEATURE/APPLICATION	DETAILS OF THE RELEASE ITEM	PLATFORM
<p><b>Custom Text/SMS Mobile Broadcast</b></p>	<p>Within this release, you are now able to send broadcast messages to specific groups within the solution and define the type of message to be sent.</p> <p>From the TLM application, you can select the employees you wish to send a message to:</p>  <p>And then you can define the message you would like to send. IF they have Mobile Text/SMS enabled, they will receive a notification of your message.</p>  <ul style="list-style-type: none"> <li>You can Select employees directly or by filter criteria</li> <li>User entered message importance, expiration and content</li> </ul>	SmartForce
<p><b>TLM Cleanup</b></p>	<p>Did some enhancements and cleanup on TLM application including displaying pay rates (even if you do not own the Payroll App), and the ability to cancel and remove shift requests.</p>	SmartForce

FEATURE/APPLICATION	DETAILS OF THE RELEASE ITEM	PLATFORM
<b>Payroll Enhancements</b>	You can now bulk upload TLM Payroll adjustments and download the corresponding template for each. We also made changes to the paystub tipped wages (For Maryland tipped restaurant employees.	SmartForce
<b>Platform Enhancements</b>	<p>We made overall enhancements to the platform which include:</p> <ol style="list-style-type: none"> <li><b>Security:</b> Session Time out and password prompt updates, as well as security roles and making changes to the system</li> <li><b>UI/UX:</b> Collapsed menu items, menu changes, and made more spacing on the interface</li> <li><b>Added Options:</b> Add Billing Settings and Payroll Settings options to new Related Information left-nav option in Customer, Location and Position Master screens and limit view/edit access to users with Billing Access and Payroll Access</li> </ol>	SmartForce
<b>Billing and Compliance updates</b>	<p>We now allow for two separate customer and location selections when Creating a Billing adjustment as well as allowing foreground finalization of invoice batch from invoice batch. This also provides a refresh of the page to show when it's complete.</p> <p>We also made a compliance update for the new Form 941 from the IRS.</p>	SmartForce
<b>Various Fixes and Updates</b>	<p>We've also made some fixes and updates to:</p> <ul style="list-style-type: none"> <li>Corrected anniversary rollover on manual payroll batches</li> <li>Fixed calculations on KPIs related to Customer Master and Contract and Actual hours</li> <li>Corrected the FWT calculation issue where calculated tax is less than 0 and there is an additional withholding amount</li> <li>The system now checks for the existence of next week when navigating so background creation of weeks does not display a "The week has not yet been created." message</li> </ul>	SmartForce and Legacy
