

## Valiant Platform Release: What you Need to Know

The following is a quick overview guide of what is coming out in the **2021.03 Release (April 23, 2021)**.

This will help you communicate any updates to the platform.

<b>Smartforce</b>	Product Name for NGA
<b>Valiant Mobile</b>	Valiant's Mobile App for Android and iOS
<b>Legacy</b>	Vision and Vault Platforms

FEATURE/APPLICATION	DETAILS OF THE RELEASE ITEM	PLATFORM
<p><b>Smartforce Ease of Use Enhancements</b></p>	<p>The team has been working over the last few releases on ease of use, and making enhancements to user interface and experience:</p> <ul style="list-style-type: none"> <li>• <b>“Check Shift” Filter:</b> You can now filter the schedule in TLM for any employees with a punch exception (e.g., a missed punch), which will display an asterisk (*) on the shift.</li> <li>• <b>New Schedule Broadcasting Rules:</b> Users now have the ability to either broadcast schedules via Email, SMS/Text, or both. SMS is a separately licensed feature, but all clients will have Email available to them.</li> <li>• <b>Payroll and Billing Adjustment Screens:</b> We have matched up the payroll and billing adjustments screens with our legacy platform as well as the TLM module, for ease of use.</li> <li>• <b>theEMPLOYEEapp Connectivity:</b> We now have a button in theEMPLOYEEapp to access Valiant Mobile for those clients using both – this will allow seamless connectivity in moving from one app to the other.</li> </ul> 	<p>Smartforce</p>
<p><b>Various Fixes and Updates</b></p>	<p>We also made a few fixes to known issues to further enhance the product, including:</p> <ul style="list-style-type: none"> <li>• Fix an error being displayed when running GL export in Smartforce</li> </ul>	<p>Smartforce</p>

FEATURE/APPLICATION	DETAILS OF THE RELEASE ITEM	PLATFORM
	<ul style="list-style-type: none"> <li>• Allow users with “EmployeePayrollAccrualManagement” role to edit accrual Basis Date</li> <li>• Improved validation of date fields with FBA integration to reject dates that include timestamps</li> <li>• “Employee Count” KPI has been renamed “Active Employees” and updated to calculate total active employees by unique SSN.</li> <li>• Clearer Valiant Mobile App exception handling when displaying Paystub and enable re-download of Paystub</li> <li>• Plus various other fixes – you can refer to the official release notes for more details</li> </ul>	 <p>Valiant Mobile</p>
